

POWER EASE

POWEREASE R740D ELECTRIC START ENGINE

MODEL: 85.575.270

- **Powerease engines** have been used by BE Power Equipment for well over ten years and have proved themselves to be powerful and reliable. Their reputation has earned the trust to be used on a wide range of power equipment.
- **V-Twin cylinder** design provides more power, lower vibration, longer life, and less maintenance than traditional single cylinder engines.
- **Electric start** harness with key system, starter motor and solenoid already set up makes starting the engine very easy.
- **Replacement engine** for equipment that accepts a keyed, 1" horizontal shaft.
- **Air cooled, 4-stroke, Over Head Valve (OHV)** design enables higher compression ratio to obtain greater power output.
- **Designed for field maintenance** with easily accessible components like the air filter, spark plug, and carburetor.
- **Fuel recommended** to use is regular unleaded that is 86 octane or more. It is best to use fuel with no ethanol, but ethanol blends of up to 10% is acceptable.
- **Common applications include:** Zero turn mowers, riding mowers, stump grinders, and wood chippers.
